Handcrafted, Rust Resistant Acrylic Wall Luminaires

Sleek, contemporary design makes these luminaires the natural choices for many architectural applications. Using the finest thermoplastic polymers available, the luminaires are handcrafted with careful precision. Natural UV stabilized acrylic offers the longest life in outdoor exposure. A lens thickness of $\frac{3}{16}$ " enhances impact strength and structural beauty. The construction affords easy installation and maintenance-free service. A variety of configurations, mountings, and lens colors are available.
